## Raffle Ticket Template

Print-ready raffle tickets with stub and counterfoil

*Free to use. Designed to be improved in Canva.*

## How to Use This Template

This template gives you the text layout for a standard raffle ticket. Import into Canva to add colours, fonts, and your own design. Print on card stock for best results.

- Standard raffle ticket size: 20cm x 7cm (landscape)
- Include a tear-off stub with the ticket number
- The stub is kept by the buyer; the counterfoil is kept by you
- Number each ticket sequentially (Canva's bulk create feature can do this automatically)

### UK LEGAL NOTE

If you are running a small society lottery (selling tickets in advance), you must register with your local council if ticket sales exceed GBP20,000 per year. For most school fundraisers, you will be running an 'incidental lottery' or 'private lottery', which does not require registration. See our article on running a raffle for full details.
